VIDYA VINAMARTA VIJAY

A Special Family

We work closely with parents as good relationships between home and school are important for the success of the students.

Periodic parent – teacher sessions are organized at school to facilitate a good open bond between both. Parents are provided with important school contacts, so that the parents can reach us in any case of concern.

A designated medical room with a registered nurse and all first aid facilities is present at the school premises so that in case of any medical illness a child can be initially managed at school.
